

SUBJECT: Insulation Casing for Electric Double Layer Capacitor (Gold Gap)

BULLETIN #: PCN.PG44.12.10.10 Insulation Casing GC

Date: 12-10-2010

Due to the increasing number of environmental requests for warranty of non-use of certain substances (RoHS and REACH) and the increasing cost associated with these requests, Panasonic has decided to change to "clean" material which is known without such substances. The new material is only colorless with no property change. This change does not alter the performance of the part.

EFFECTIVE DATE:

January 1, 2011

REASON FOR CHANGE:

To stop the use of pigment contained PP

CHANGE DETAILS:

Material and color of the reel (see diagram on next page)

AFFECTED PARTS:

Panasonic Series F / NF/ RF

EEC-Fxxxxxxx

EEC-RFxxxxx

Panasonic Industrial Co.
Panasonic Electronic Components
