

Product Change Notice: PAN1555 Series RF Modules

PCN.PG13315.04.14.2014

04.14.2014

About this Notice:	PAN1555 Series Hardware Revision
Effective Date:	September 31, 2014
Change Details:	The EEPROM used in the PAN1555 has been discontinued and will be replaced by a footprint reduced component from the same vendor. Carrier PCB will be modified to accommodate the new EEPROM. Modules with the new EEPROM will be marked HW05. This change does not affect fit, form or function. HW05 is 100% hardware and software compatible with HW04.
Affected Parts:	ENW89815A3KF ENW89815A4KF ENW89815A5KF
Datasheet(s):	
Notes:	See page 2.

Product Change Notice: PAN1555 Series RF Modules

Product Name	PAN1555		
Part Number	ENW89815A3KF ENW89815A4KF ENW89815A5KF	Product Description Bluetooth module with antenna	Application Bluetooth
Enforcement Date	October 2014 (Running change)		
Aspect of Change	<input type="checkbox"/> Design <input checked="" type="checkbox"/> Components / Materials <input type="checkbox"/> Production <input type="checkbox"/> Others		
Description of Change	Change EEPROM version from current die version to smaller size version. PCB will be adapted accordingly. HW revision increases to 05.		
Reason for Change	Last time buy for the actual EEPROM version was announced by supplier STM. Alternative EEPROM with smaller size available from same supplier.		
Consequence of Change	No change in features, electrical performance and mechanical dimensions		
Attachment Documents	<input checked="" type="checkbox"/> STM Product Termination Notification for the EEPROM		

Kindly approve this design change by signing the column below and returning this cover page as soon as possible.

FOR CUSTOMER COMMENTS:

- If no comments are received by **30.6.2014**, this will be taken as your agreement to a running change, same part number.
- Accept as running change, same part number.
- Accept change from _____, same part number.
- Accept change to new part number _____
